NG15 9DZ

SOME INFORMATION ABOUT THE SOCIETY

The Society was formed to promote interest in and to provide facilities for the execution of all types of model engineering. The Society has a raised multi-gauge (5" & 3½") railway track and a 7¼" g ground level track that are in operation most weekends of the year. There is also a well-equipped workshop that is opened to all members several times a week. A meeting is held each month (except August) in the Society's clubroom when talks and demonstrations are given. The facilities are situated at the Nottingham Transport Heritage Centre, Ruddington that is approximately 4 miles south of Nottingham.

The current subscription is £40.00 per annum. Full membership is open to persons 18 years of age and over. Junior membership is available to persons aged 12 to 18 years. Reduced rates apply to members over 65 years of age, associate members, junior members and those living at a distance of greater than 30 miles from the Council House, Nottingham.

The first step to becoming a member of the Society is to send to the Membership Secretary at the address below £5.00 whereupon you will be supplied with a copy of the Rules and a Share/Membership Application Form. If you wish to proceed with your application you should return the completed application form with your subscription for the year to the Membership Secretary, Tony Knowles. The £5.00 you have paid will be used for the purchase of your share in the Society. If you decide however not to join the £5.00 will be reimbursed when you return the Rules of the Society
